Thank You for Selecting Me as Your Therapist

Therapy is a process that may lead to problem solving, resolving grief and loss issues, and reaching personal goals. You may experience changes that have benefits and risks, and such changes can effect how you relate to others. Moreover, changes in relationships may occur. Sometimes throughout the process, you may feel worse before you feel better. I trust that you will let me know when you are having unmanageable painful feelings and call 911 or go to the hospital should you be in crisis away from our sessions. I look forward to working with you.
